## How to make Challans ( RGP for conversion of form) ?

- B = Conversion of form
  - 1 to many ( as in cutting a round bar into small 8" each pcs)
  - Many to 1 ( as in welding)
  - Many to many ( as by a casting shop, you send about 10 alloys in different counts / occassions and he makes 100 components out of them of diff variety)

### How to make RGP ? :
